Dear Mrs. Crowley:

Thank you for sharing with us a copy of the resolution passed by the State of Minnesota declaring Raoul Wallenberg to be an honorary citizen of Minnesota.

As you may know, the United States Government has been concerned over the fate of Raoul Wallenberg since the case first came to light at the end of World War II. We have taken every appropriate opportunity to ask Soviet authorities for clarification on the Wallenberg case. The Soviet authorities have persisted in maintaining that Wallenberg died in 1947 but have provided no further details. When we received reports which indicated the possibility that Wallenberg might still be alive, we raised the matter with the Soviets on numerous occasions throughout 1978. They finally answered, formally and in writing, in February of 1980, stating that Wallenberg had died in July of 1947. They also informed the Swedish Government of this finding and they indicated that they would have no further information on Wallenberg in the future.

The Wallenberg case remains a matter of continuing concern for the United States Government. We have continued our efforts to gain information regarding his fate. In December of 1980 at the Madrid CSCE Review Conference, the United States delegation voiced its support for the position of the Government of Sweden when the Swedish delegation urged renewed efforts to resolve the Wallenberg case. In addition, representatives from the American Embassy in Stockholm attended sessions of the recent hearing on the Wallenberg case held in Stockholm on January 15 and 16 of this year. Most recently, on April 10, Ambassador Karl Kampelman, speaking in Madrid for a CSCE plenary session, stated that the Wallenberg case was one that "will not go away." Ambassador Kampelman noted that the refusal of the Soviets "to appreciate the human factor which is symbolized by the Wallenberg case is stimulating even further interest." He stated that "the tragic mystery of Raoul Wallenberg is unfortunately becoming a divisive international issue."

Let me assure you that the Department of State will continue to express our concern over the Wallenberg case at every appropriate opportunity. Let me also assure you that we intend to

cooperate with the Government if necessary all other interested
parties to ascertain specific information that will clarify the
fate of this brave man.

We continue to seek ways to accomplish this deeply humanitarian
purpose. Paul Wallenberg not only effected the lives of thousands
directly, his efforts indirectly contributed to the saving of thou-
sands of additional lives. Faced with his spirited defense of the
lives of innocent Hungarian refugees, officials hesitated to enforce
orders which would have condemned even more. Wallenberg's life
is a testimony to the bravery of the human spirit in defense of
freedom. We are hopeful effective means to clear his name and
his fate are to honor his cause can be found.

Sincerely,

/S/
